Event Sponsorship

The Annual Awards of Excellence Ceremony is held each year as the Annual Awards Function. It is rotated around the State Sections of Australia so that members of all areas have the opportunity to attend when it is local especially when travel is restricted.

These awards recognise organisations and individuals that set global benchmarks for best practice in their fields of endeavour and are leaders in the profession, showing world class expertise and innovation in developing and implementing transport and logistics solutions.

CILT Australia congratulates all that reach this level of achievement. Submissions for these awards are assessed by a panel of industry professionals from amongst our member database.

The submissions are assessed against a selection criteria and graded. Each submission is initially assessed as having addressed the criteria and then it is passed over to the panel elect that is assessing that particular award for selection.
